

**"Israel at 75: The Pioneering Spirit" – A Poster Exhibition**

For the upcoming Independence Day,

The Mishkan offers a unique way to celebrate Israel's 75!

Explore Israel through art with the Mishkan Museum of Art's special poster exhibition:

***"Israel at 75: The Pioneering Spirit"***, curated especially for the Partnership communities by Mishkan Chief Curator Yaniv Shapira.

Especially in these times, we hope that this exhibition will play a role in deepening your community's connection to Israel and be a springboard for exploring, in the words of Yaniv, "the many faces, voices, beliefs and hopes" that led to the founding of the State of Israel, and that continue to shape the complex and beautiful tapestry of Israel today.

The Mishkan Museum of Art is dedicated to being a pluralistic space for people of all backgrounds, founded out of a deep Zionist spirit and home to art of the highest quality.

It is our great pleasure to share the Mishkan's treasures, its story and legacy with your community.

Please contact us for more details, if you think this exhibition could suit your community.
